
The lists below contain the names of parishioners and non-parishioners who contributed to the recent successful Stop Water Intrusion Now (SWIN) effort plus a short list of those who gave "in kind". These people are being recognized because they contributed by completing a Pledge Card or donated by a check that contained their name and address. We would also like to express our gratitude to the hundreds of parishioners and non-parishioners who contributed cash in the SWIN containers at the entrances to the church or in a collection basket during Mass. Some parishioners chose to contribute anonymously. Each and every dollar contributed enabled us to meet our goal: to raise enough funds to restore our churches after making them water tight. Together, we are making that happen.
